

Maximum One Mentor Program

Mentor Program Introduction

This is a Ready-Set-Sell Mentorship. That means that we will go over the best tools to catapult you directly into working with clients and closing deals. My job is to support you in finding best practices to establish a successful, long-term business in Real Estate that fits you! To that end, I am here to educate, assist and answer questions. Do not expect me to do your job for you. Do expect me to walk alongside you. If, at any time, you feel that I am not providing what you need or you are having issues that need to be addressed, tell me. Communication is key to us building success together. Now, let's get started!

How I like to do things. This program is designed to help you navigate the ways of doing business at Maximum One. Let's begin with an initial meeting to get to know each other, talk about Real Estate, Goals, Business, Concerns and anything else RE related that you have on your mind. By the end of the chat, we will develop a plan for how often we meet and what things we need to work on first. At the end of each scheduled meeting, we will establish the **TASK, ASSIGNMENT, TOOL** and **EDUCATION** you will be working on before our next meeting. We will work through the onboarding emails, technology and tools offered at Maximum One. **NO PRESSURE!** Some of the things will fit your business and some will not. The agent centric model at Maximum One is designed to allow you to decide how you move your career forward.

We hope you are EXCITED! RE done correctly can be a hugely rewarding career, financially & emotionally. Be assured that it is not always easy. How you begin/restart your career is a determining factor in your success. We want you to have your heart's desire. So, we will work together to set or reset your Cornerstone. It will be work. It will be difficult at times. There may be tears. You will probably add some vocabulary words. Failures will come. **GREAT** successes will make it all worthwhile. At the end of the day, we want you to look at your work and say "well done and I loved it!"

Next Meeting: _____

Task: _____

Assignment: _____

Tool: _____
